
Iterative number of digits

P55722_en

Write an iterative function that returns the number of digits of a number n .

Interface

C++,C	int <i>number_of_digits</i> (int n);
Java	public static int <i>numberOfDigits</i> (int n);
Python	<i>number_of_digits</i> (n) # returns int
	<i>number_of_digits</i> (n : int) \rightarrow int

Precondition

We have $n \geq 0$.

Observation

You only need to submit the required procedure; your main program will be ignored.
