
Print a line

P99541_en

Write a procedure

```
void print(int s, char c, int n);
```

to print a line with @s@ spaces followed by @n@ characters @c@. For instance, these three calls

```
print (0, 'X', 3);  
print (1, 'Y', 4);  
print (2, 'A', 2);
```

produce this output:

```
XXX  
  YYY  
   AA
```

Observation

You only need to submit the required procedure; your main program will be ignored.
