Draw a beautiful T   X30822_en

You have to program the function below.

- Write a function @drawT(width, height)@ that given integers numbers *width* and *height* such that *width* is odd and $1 \leq width, height \leq 9$ draws a beautiful *T* of he appropriate size. Follow the patterns below.

Scoring

The function counts 100 points.

Sample session

```
>>> drawT(5, 7)
55555
  7
  7
  7
  7
  7
  7
>>> drawT(7, 6)
7777777
   6
   6
   6
   6
   6
>>> drawT(9, 1)
999999999
>>> drawT(1, 4)
1
4
4
4
>>>
```
