

A

Where no man has gone before

1 point

NOTE: This is the first of the two problems that can be solved and submitted before the start of the CodeWars competition. Teams are **strongly** encouraged to submit these problems **prior** to the start of the competition – hey, it’s basically a free point!

Introduction

After another complete orbit around the Sun, here we are ready again for a new edition HP CodeWars. Feeling like if we were in a mission of the starship Enterprise, repeat with us the phrase made popular through the title sequence of the original Star Trek science fiction television series:

“To boldly go where no man has gone before!”

Input

There is no input for this program.

Output

The program must output the phrase:

To boldly go where no man has gone before!
